This year we introduced the Curriculum Goals Passport to give you more information about the expectations for children at each transition point within the setting. As we look ahead to next year, we will be embedding this work and aim to share more information about the routines within the setting. We will also be reviewing our programme of Parent Workshops, which we encourage you to attend, to share more information about how we support children's learning in setting.

12. The setting curriculum engages my child. (0 point)

We continually review and adapt our curriculum to ensure it meets the needs of all of our children. We provide lots of opportunities to master core skills and knowledge as well as giving breadth of experience. As ever, if you have questions specific to your child's learning, please do come and speak to us.

We are looking to develop some curriculum booklets to share more information about the opportunities we provide in the different areas of learning.
